

CHAMBER REFURBISHMENT PROGRAM

VALUE - COST SAVINGS

Illustrative Refurbishment Progression

Before

Middle

After

Program Guidelines:

- Central Marketing has an existing inventory of used 23-tire and 25-tire steam and electric chambers on-site in our warehouse in Virginia.
- Interested customers can commission a rebuild of a chamber already on-site at Central Marketing or ship a customer-owned chamber in for refurbishment.
- Chambers will only be rebuilt as electric; however, steam to electric conversions are allowed.
- Central Marketing's refurbishment includes replacing everything except the shell.
- Chambers can be equipped to be compliant with major rubber company specifications.
- From order receipt, there is typically a two-to-three month delivery timeline.
- Interested parties should reach out to sales@central-marketing.com or call (804) 733-4684.
